

Notes to Applicant

for Temporary Registration as a Joint Venture Contractor

RG10

NOTE 1 - SECTION A

Name of Joint Venture

Applicant shall state the name of the Joint Venture entity as per the agreement between the parties as the Certificate of Registration will be issued on that name.

Provisional Registration Reference

Applicant shall state the Joint Venture's Provisional Registration Reference which was assigned to it for this Project.

NOTE 2 - SECTION F

Human Resources

Applicant shall provide information in the required format on every personnel who has at least a degree in the field of Architecture, Engineering, Project Management in Construction and Quantity Surveying. A template of the Table is available on our website. "Designation" means the position held by that person.

"Reg." means Registration.

"Professional Registration" means registration with relevant professional body in Mauritius e.g. Council of Registered Professional Engineers (CRPE), Professional Quantity Surveyors' Council (PQSC), Professional Architects' Council (PAC), etc. or such other professional body acceptable to the CIDB.

"Years of Experience" means post registration experience.

NOTE 3 - SECTION F

Technical & Administrative Staff

Occupational Safety & Health Officers

Applicant shall state the number of Occupational Safety & Health Officers **registered in Mauritius**, to be appointed on the project.

Competent Person – Scaffolding Supervision

A "Qualified Technical/Supervisory Staff" is one who holds a Diploma in a Technical Field.

Applicant shall refer to the provisions made in the Occupational Safety and Health (Scaffold) Regulations 2011 concerning the **compulsory** employment of **Competent Person** for scaffolding works of height above 6m. The Regulations are available at <http://cidb.gov.mu>

"Competent Person" means any person who –

- (a) Holds a competency certificate in the erection, maintenance, alteration, repair and dismantling of scaffolds issued by the Mauritius Institute of Training and Development (MITD) or such other recognized body; or
- (b) By reason of his qualification and training, or having at least 5 years' experience, is competent to undertake work related to the erection, maintenance, alteration, repair and dismantling of scaffolds.
