## LOCAL CONTRACTORS

### Extension of Validity of Certificate of Registration Until 31 August 2021

The CIDB wishes to inform all Local Contractors that the existing CIDB Grading Structure and Grade Ceilings will soon be replaced by a 3-tier Grading Structure in accordance with Budget Measures 2021/22. These measures will come into force once the Finance (Miscellaneous Provisions) Bill 2021 is enacted.

Local Contractors who have already applied for the renewal of their Certificate of Registration, are hereby advised that pending the coming into force of the above measures, and the New Registration Fees, their current Certificates of Registration, which are due to expire on **30 June 2021**, shall be deemed to remain valid until **31 August 2021**.

A Local Contractor who wishes to bid for a Project or negotiate a Contract Award may use the **Acknowledgement Letter for Renewal** together with the signed **Testimonial** from the link below as documentary evidence of the extended validity of the Certificate of Registration until 31 August 2021.
